March 13, 2008

Dear Synod Communicator,

I am glad to provide for you this printed copy of the Draft Social Statement on Human Sexuality on behalf of the program unit for Church in Society. You may have already seen the draft online, but we thought your work might be aided by receiving a printed copy at this early date.

We have prepared supplemental materials that should be helpful in communicating about the draft and we encourage you to visit [www.elca.org/faithfuljourney](http://www.elca.org/faithfuljourney) where an executive summary, a FAQ, and a timeline are posted.

We also have made available a list of talking points to each bishop and to all rostered leaders on the 12<sup>th</sup> of March as part of their confidential preview. If you do not have access to these, please contact Katie English at [Katie.English@elca.org](mailto:Katie.English@elca.org).

Blessings in your ministry of communication,

Roger Willer  
Director of Studies  
Church in Society
